

Annual Report 2021-2022

Centre communautaire
Tyndale St-Georges
Community Centre

A Message from our Chair and Executive Director

It is with great pleasure that we share with you this annual report. After a tumultuous two years where we dealt with much uncertainty and constantly shifting rules and regulations that impacted the services that we were able to provide our members, we are excited to share the growth that Tyndale has experienced over the last twelve months. We spent much of this year committed to achieving the objectives outlined in our 2017-2022 strategic plan - we were able to expand our membership as well as ensure our Centre was open 7 days a week and increase our revenue so that we could expand our services. In addition, navigating the pandemic brought to light the need for increased mental health services as well as the need for more food security initiatives.

Throughout this annual report, you will see Tyndale's response to these obstacles with the additional services provided by our Family Support Worker, the expansion of our youth services who craved social reconnection post pandemic and finally our community meals hosted by a team of committed volunteers. As we take the time to review our year, we are grateful to our dedicated team of staff, our board of directors, our countless volunteers, our new and long standing donors and of course are participants who allow us the opportunity to provide support when and where we can. Happy 95th Anniversary to the entire Tyndale St-Georges community!

Warmest Regards,

Lorne Steinberg
Chair of the Board of Directors

Shauna Joyce
Executive Director

Mission and Vision

TYNDALE ST-GEORGES COMMUNITY CENTRE

Since 1927, Tyndale St-Georges Community Centre has provided empowering educational programming for residents of Little Burgundy from birth through adulthood.

OUR VISION IS FOR A COMMUNITY WHERE:

- There are opportunities for growth and involvement, and access to information and resources.
- Everyone's potential is recognised and achieved.
- Diversity is celebrated, and people feel respected, supported and cared for.

MISSION

EMPOWER

Empower the community of Little Burgundy by offering programs designed to promote self-reliance, mutual aid and fulfillment through education, cultural, social, employment and recreational programs, providing individuals and families with encouragement, tools, opportunities and support;

DEVELOP

Help develop the community of Little Burgundy and to work with community partners to enhance the cultural, social, economic and environmental well-being of the community;

BE A PRESENCE

Be a presence to the community of Little Burgundy and accompany its people through their struggles and successes.

Tyndale Turns 95!

On June 14, 2022, staff celebrated Tyndale St-Georges Community Centre's 95th anniversary! What a milestone for the Centre, the staff and the Tyndale families!

To mark this very special occasion, Tyndale produced a new promo video with the help of *Terranian Productions*, featuring staff, participants and volunteers. We asked everyone in the video to complete the sentence: I LOVE TYNDALE BECAUSE...

To watch the video, please visit our website.

*New Adventures

What's New at Tyndale

2021-2022 was a year of new initiatives at Tyndale St-Georges. Here is what the staff have been busy working on all year:

PED DAYS

Following the high demand for childcare service on pedagogical days, the Children, Youth and Families Department worked quickly to launch this service for families. The PED day program runs from 9am to 6pm and includes lunch and a snack. Children participate in various activities such as computer programming, arts & crafts, sports, team building challenges as well as specialty activities like music, drama, science and cooking.

WEEKEND PROGRAMMING

We are now open 7 days a week!

Tyndale St-Georges' weekend program is a safe space for children from the Little Burgundy Community to participate in different programs and activities. The Weekend Coordinator provides a fun, and interactive program from 10 am until 4 pm every Saturday and Sunday. For a small annual membership fee, children are able to participate in different activities such as physical education, sports, cooking and baking, drama as well as learning science, chess, computer coding and more.

CODE CLUB

In partnership with Kids Code Jeunesse (KCJ), elementary school children were invited to participate in the Code Create Play workshops led by one of the KCJ instructors. The instructor connected virtually every Saturday during the fall to teach the youth how to code. The theme of the 5-week workshop series was Video Games.

FLY FRIDAYS

Fly Fridays for teens are back!

Everyone at Tyndale was happy to be able to once again offer a safe space for teens from the community to hang out, learn new skills and improve on existing ones. Every Friday from 6pm to 9pm, the youth are invited to participate in activities such as basketball and cooking. They have access to the Tyndale St-Georges Children's Library and computer lab. With the help of staff and volunteers, the teens are able to access these activities free of charge. One of the many benefits of this program is the proximity to positive role models who can provide both academic and emotional support.

READING SPECIALIST

The Children, Youth and Families Department added a Reading Specialist to the team. Using The Response to Intervention (RTI) model, a framework for providing high-quality instruction and intervention (for literacy) matched to students' individual needs, the Reading Specialist assesses the reading skills of the students enrolled in the After School Program and offers supplementary personalised assistance for children with early reading difficulties. RTI has been recognized as a resource for schools to use to adequately identify a learning challenge and works as a preventative and intervention method.

All students in the After School Program (ASP) receive Tier 1 support. Students who need additional help receive Tier 2 support in small groups (about 15% of readers), and approximately five percent of students receive intensive, one-on-one, Tier 3 support.

The first assessment was done at the beginning of the school year (Sept. 2021) and showed that the majority of ASP students were struggling with basic reading skills and required further intervention and follow up. Those that needed additional support were progress monitored to ensure the appropriate intervention was being provided.

WEEKEND TUTORING

With many children enrolled in the After School Program (ASP), it is not always possible for the students to complete their schoolwork during homework time. In response to this, Tyndale offers two Specialised Tutors who work throughout the week as well as on the weekend to offer additional and individual assistance for students who need the extra time and support to complete their work.

SENIORS WELLNESS CENTRE

The seniors of Tyndale are now able to participate in activities at the Seniors Wellness Centre 5 days a week!

The Seniors Wellness Centre is located on des Seigneurs Street where the Adult Development Department offers programs, activities and services to adults of the neighbourhood. The seniors group participates in Art Therapy workshops, cooking workshops, brain games, arts & crafts and knitting. They learn how to navigate the internet and social media. They also have light yoga classes and dance lessons as well as take part in various outings.

The seniors get together Monday to Friday from 10am to 12:30pm.

FAMILY SUPPORT WORKER

Tyndale is very happy to be able to offer extra support to individuals and families with the help of a Family Support Worker (FSW). The FSW provides front line assistance to families in need of navigating various services, such as mental health, financial, legal and immigration. The Family Support Worker also offers workshops in the Adult and Youth Departments helping participants build and develop different skill sets as well as social and emotional competencies. Workshops also include a series called Nobody's Perfect, for parents of children between the ages of 0 and 5 years old. Various subjects are discussed, such as positive parenting; children's health, safety and behaviour; and how to improve parents' self-esteem and coping skills. Once a month, the FSW facilitates a Parent Support Group for parents of children 0-7 years old. These workshops provide education around different topics that are decided by the parents and contain a peer-support discussion element.

FOCUS GROUPS

On May 12, Tyndale held two focus groups, one in the morning and the second in the evening. The goal of the focus groups was to discuss with members of the community what Tyndale represents to them, their place at the Community Centre, and where they see Tyndale in a few years from now. It was also an opportunity to receive feedback on the services that we are currently providing to better understand the needs of the community in an effort to fill gaps that might exist.

Snapshot on Tyndale's Impact

EARLY CHILDHOOD AND FAMILIES DEPARTMENT (ECF)

At ECF, parents and guardians can find a warm and welcoming second home for themselves and their children. Our educators and animators not only offer programs and activities for children 0 to 5 and their adults, but also much needed support to first time parents and those with multiple children. The Early Childhood and Families Department also acts as a community to families of young children, who develop friendships and bonds with one another.

In 2021/2022, all programs and activities were back in person. This had a positive impact on toddlers who had had limited access to other children and adults throughout the pandemic. It also gave respite to parents who had been isolated with their little ones. On top of ECF's regular programming, the team made sure to offer the parents workshops on various subjects such as The Importance of Early Literacy; How to Help Preschoolers Develop Motor Skills; and How the Quebec Schooling System Works. This last workshop was particularly helpful for newly arrived parents who had not attended school in Quebec, which is a growing population in Little Burgundy.

"The workshop was very helpful and I really enjoyed talking with the other parents with their concerns for the public school. Atiya is a valuable source of information and I hope she comes back in the future".

- Lorraine, ECF Participant

48

48 children and their adults participated in activities between September 2021 and August 2022

600+

600+ hours of activities offered from September 2021 to August 2022

100%

100% of parents who attended the Workshop on Early Literacy were engaged, asked questions and acquired new skills for approaching literacy with their toddlers

This year, ECF entered into a new partnership with Minibiblioplus, an organisation whose mission is to help their partners "instil in children a life-long love of reading and learning from birth [...]" by providing access to books and animation services.

CHILDREN, YOUTH AND FAMILIES DEPARTMENT (CYF)

At the CYF Department, there's an activity for every child between the ages of 5 to 17. From the After School Program for elementary school students, to the High School Perseverance Program for high school aged students, to the Youth Cooperative for teens aged 14 to 17, to summer camps and weekend activities, we have the youth covered!

The After School Program (ASP) provides a warm meal, homework support and allows the child to develop various skills during the recreation period. Tyndale has 4 classrooms in the After School Program: Kindergarten, Grade 1 & 2, Grade 3 & 4 and Grade 5 & 6. Each classroom has its own educator and volunteers who assist the students with their homework. Following the homework period, students participate in various activities with their animators, such as sports, arts & crafts and team building.

This year, ASP youth participated in a number of workshops led by different experts, including best-selling author of the book “Big Dreamers: Black History Activity Book” Akilah Newton. For Black History Month, students were able to hear about Akilah’s story and vision which included a Q&A period where the children asked questions about racism, vision, goals and much more.

Three times a week, high school students come into the building for help with their homework in the High School Perseverance Program (HSPP). They are split into 3 different classrooms according to the grade they are in. With the assistance of educators and volunteers, students are able to concentrate on the task at hand. This helps them to avoid distractions that could arise from studying at home. Laptops are provided for students who do not have computers and need to complete assignments electronically. After the homework period, students are offered a hot meal before they return home.

The Youth Co-op run by two coordinators allows youth to participate in workshops, raise money through different initiatives and projects, and develop skills integral to their future. This year, with some of the money they raised, the Youth Co-op was able to attend a workshop on social media awareness and safety in collaboration with Concordia University.

March Break and Summer Camp were at full capacity. With the pandemic restrictions being lifted, Tyndale was able to accommodate more children than the two previous years. A relief for many of our families who rely on these Tyndale services.

A LOOK AT THE NUMBERS

Program	Number of children
After School Program	52
High School Perseverance Program	19
Youth Co-op	24
March Break Camp	35
Summer Camp	85

For the first time since the pandemic, we were able to offer our Grade 6 students an in-person graduation ceremony which honoured and recognised the completion of their elementary studies. Their success and this achievement were recognized in front of family and staff. Congratulations to Ronin, Jacob, Farhan, Zaima, Israel and Riley!

42%

42% of ASP families benefited from the PED day program

56

56 youth from the community participated in weekend programming on a regular basis

50%

Over 50% of weekend programming participants were involved in coding

100%

We were filled to 100% capacity for summer camp program

ADULT DEVELOPMENT DEPARTMENT (ADD)

The Adult Centre is open all year round and offers a 6 month job training program (PPE), drop-in services, French classes and a Seniors Wellness Centre.

Since 2000, the Pre-Employability Program (PPE) at Tyndale St-Georges' Adult Development Department has helped members of the Montreal Anglophone and Allophone communities integrate into the job market. ADD runs 2 full-time six-month training programs that strive to not only train participants in work skills, French and computers but also helps them to regain the confidence necessary to succeed in the workplace.

PPE is based on respect, non-judgement and a belief that employment can increase individual choice, break negative cycles and promote positive change. Participants develop habits essential to success in the workplace as well as life skills that will help them in their everyday lives.

The team at the ADD were able to continue the program in person for most of the year. For many of the participants, it was the only form of social interaction they had other than their families. Out of the 12 participants registered for the Fall/Winter session, 7 of them had found employment by November of that year!

21

Out of a total of 21 PPE participants from September 2021 to June 2022, 15 successfully found employment and 1 returned to school

"I am very happy I came to Tyndale. It renewed and restored the positive experience that I had in school and that I remember as a child. I'm very happy that you accepted me into your program. Thank you to my classmates, the staff and teachers for helping me to see a brighter future and who we can be, no matter our age, status or race."

- Ava Harriott, PPE participant

Community members can learn French by tuning in for online lessons in the morning or in-person classes at the Adult Centre in the evenings. Our French teacher Monsieur Gilbert has been teaching French at Tyndale for 15 years and is dedicated to his students and their success.

Tyndale now offers programming and services 5 days a week to seniors from Little Burgundy and neighbouring communities at our Seniors Wellness Centre. Seniors enrolled in the program are able to enjoy a full week of activities. The Tyndale seniors participate in a variety of activities such as cooking, brain games, knitting club, light exercises and yoga, arts and crafts, gardening, card club, learning how to use computers and more! The seniors get together Monday to Friday from 10am to 12:30pm.

105

In total, we offered 105 activities to seniors throughout the year

18

A total of 18 seniors attended the Seniors Wellness Centre on a regular basis

TYNDALE ST-GEORGES CHILDREN'S LIBRARY

The Tyndale Library is an accessible drop-in service for all children and parents. It is a space that provides enjoyable educational activities for each child, and a quiet space for parents and their toddlers who wish to bond over books. The staff at the Library focus on activities that nurture the children's interests, curiosity and learning.

Each week the Library offers arts & crafts, board games, chess, STEM challenges and cooking activities. In the Summer, special activities included bean planting, a magic workshop with Les Scientifines, Learn-to-Camp with Parks Canada, a visit to Atwater Market, and movie nights. This summer, the Library children participated in weekly outings which included a visit to the Biodome, the Planetarium and the Insectarium, the McCord Museum, the Canadian Centre for Architecture, and Jean-Doré Beach.

In collaboration with the Early Childhood and Families Department, the Library led a weekly Summer Story Time at Oscar Peterson Park for 5 weeks. A total of 5 different daycares attended Summer Story Time and 77 young children and parents listened to stories curated by the Librarian.

The Library also provided a space for children in the Tyndale Summer Camp to get some summer reading in, and for the Literacy Camp to have access to the Library's impressive collection. All children in these camps participated in our Reading Program.

Given that the library is an accessible drop-in service for all families, with a significant number living in vulnerable circumstances, the staff at the Library worked closely with the Family Support Worker to provide financial, material, and emotional support for some of its participants.

In 2022, the library entered into a new partnership with local businesses such as Crossover Comics and the Canadian Centre of Architecture.

39,808

A total of 39,808 minutes were read at the library from September 2021 to August 2022

280

An average of 280 children and 11 parents visited the library each month

6800

6800 is the number of books in the Tyndale Library collection

169

169 children participated in the reading program

2021-2022 Highlights

SEPTEMBER

The Adult Development Department takes all their participants apple picking.

NOVEMBER

Young Tyndale participants are invited to an all-inclusive hockey game experience! They were treated like royalty by the *Montreal Canadiens Children's Foundation*.

MARCH

March Break Camp is at full capacity.

OCTOBER

Tyndale staff participate in a 16 hour Therapeutic Crisis Intervention Training led by the late Lawrence Ryan.

DECEMBER

Each Department celebrates the Holiday Season with their participants.

MAY

Tyndale celebrates its staff and highlights work milestone anniversaries. Marina - 5 years, Jennifer - 15 years, Mr. Gilbert - 15 years, Iva - 20 years and Anthony - 20 years.

JULY

The Youth Co-op works on a vegetable and herb garden in the back of the Centre with the help of Lynea from Young Roots in the City and John.

APRIL

Tyndale's new promo video is released.

JUNE

Parents participants from the Early Childhood and Families Department go on an outing to the Museum of Fine Arts.

AUGUST

The Tyndale St-Georges Children's Library has its bi annual book sale.

Food Security

Although the food security program at Tyndale started as a response to the pandemic, staff and volunteers continue to contribute time and resources to helping families in the community who deal with the reality of food insecurity.

COMMUNITY MEAL PROGRAM

Initiated and led by long-time staff and community members Jacqueline and Aishah, the Community Meal Program started during the pandemic and is ongoing. A few times a year, community members volunteer to prepare, cook and distribute 150 meals to individuals, families and senior citizens around Little Burgundy. The program is an opportunity for members of the community to get together and bond over their love of cooking while contributing to Little Burgundy. It is also a great way to make connections and fight isolation.

CHRISTMAS BASKETS & METRO CARDS

Every year Tyndale offers Christmas baskets to a list of community members who are in need of a little extra help during the Holidays. As our list grows longer every year, we are fortunate to be able to meet the demand thanks to generous donors who support Food Security at Tyndale. We are also grateful to Metro for donating \$5,000 worth of Metro grocery cards to hand out to participants and members.

WEDNESDAY BOXES

Each week Tyndale receives perishable and non-perishable goods from Le Garde-Manger pour tous, a social enterprise whose mission since 1985 is to alleviate hunger and promote the autonomy of people in the southwestern region of Montreal. After staff distribute the items to the different Tyndale departments, they prepare boxes for community members to pick up.

FOOD DRIVE

Employees of Safilo Canada Inc. participated in a food drive to collect non-perishable goods to donate to the Centre. They collected 6 huge grocery bags worth of food. These items are used in Tyndale's kitchen for Early Childhood, After School and High School programming.

Volunteering

SPOTLIGHT ON OUR VOLUNTEER OF THE YEAR, STEVEN ROSENSTEIN A.K.A. CAPTAIN CATALYST

Steven Rosenstein a.k.a. “Captain Catalyst” is one of Tyndale’s most beloved volunteers. He has been volunteering at the Centre for many years and has worn many different hats. From teaching children to play chess at the Library, to helping with homework in the After School Program, to organising science experiments during PED days, Steven has done it all! He has worked and volunteered all across Canada and is a recipient of a number of Volunteer Awards. He is an avid activist when it comes to environmental issues; his love of science and nature has always been at the forefront of his volunteering, enriching children’s lives. He is also the Science Education Innovator behind Nomad Scientists, Captain Catalyst and the Science Playground.

We are very grateful for Steven’s commitment to Tyndale and to all of the young participants who cross his path. Thank you Captain Catalyst for your support throughout the years!

“Volunteering is great for the human spirit, it is about joyful discovery! Many of the rewards of volunteering are immeasurable, but most importantly, it is truly meaningful work, a springboard for connecting with people and their community. And did I forget to mention how much fun it is to do!”

THANK YOU to all the wonderful volunteers who help out in various ways at Tyndale! We are extremely grateful to all of the individuals and groups who without their time and support, we could not run our programs. Over the last year, the volunteers have put in close to 3000 hours!

Volunteers help out in many different ways:

- Assist the educators with early childhood activities
- Offer support & tutoring in the After School Program
- Help high school students with a variety of subjects such as Math, English, French & Science
- Help run activities and offer one-on-one reading with the children at the Library
- One-on-one computer assistance at the Adult Development Centre
- Help animate and organise activities at the Seniors Wellness Centre
- Participate in different committees throughout the year

Campaigns, Drives, Fundraisers & More

PAY IT FORWARD SCHOLARSHIP

The Pay It Forward Scholarship is an award which provides annual scholarships to 4 candidates for the duration of their undergraduate program for up to three years. This new Award helped one student entering university in 2021 and 3 students entering university in 2022. This represents \$8,300 per student per year.

A huge thank you to the generous Tyndale supporters who started and funded the Pay it Forward Scholarship Award. You have already contributed to Omar, Anyssa, Talaya and Meihiba's success!

"Receiving this scholarship was really stress relieving and encouraged me to work harder because my mother has always instilled in me the importance of school."

- Omar, recipient of the Pay It Forward Scholarship

A SLICE FOR TYNDALE

In April of 2022, Tyndale held its first fundraising event since 2019. With the help of the Special Events Committee, staff organised an online auction as well as sold kits to make at-home pizzas. Donors could choose between buying their own kit and gifting one, or simply gifting a kit to a family in Little Burgundy. 82 of the 87 purchased pizza kits went to families and individuals in the community. We were incredibly touched by the generosity of our supporters who wanted to contribute to the Little Burgundy Community. Thank you to **Smoke Show** for donating 150 bottles of hot sauce and to **Lufa Farms** for donating basil to include in each kit! Thank you to **Mayrand** and **Pizza Mia** for helping us with the pizza kits and the desserts. We would also like to thank everyone who donated to our online auction and all those who bid on the items. Everyone who contributed to the A Slice for Tyndale Fundraiser, whether it was through the purchase of a pizza kit or by bidding on an auction item, helped us raise \$21,000!

TOY DRIVE & CHRISTMAS GIFTS

2021 proved to be a very generous holiday season for Tyndale!

Every year, a few donors organise toy drives for Tyndale St-Georges to offer gifts to every child and teen participant. This amounts to over 200 gifts per year! We are forever grateful to **Andrea Borod** from Book Dumpling, **Tea Toy**, **The Oberoi Rising Dreams Foundation** and a very generous anonymous donor who over the years has spent hours shopping and wrapping gifts for every child from the Early Childhood Department, the After School Program and the High School Perseverance Program.

Thank you to **Quadra Chemicals** for graciously providing gift cards for teens in our Children, Youth and Families Department.

BACKPACK DRIVE

For the past few years, Tyndale has received a donation of school backpacks and school supplies from organisations such as **Good Little Company**, **The Oberoi Rising Dreams Foundation** and **Opération sac à dos** for children participating in early childhood and youth programs. This donation of backpacks and supplies goes a long way in helping insure back-to-school success!

THIRD PARTY FUNDRAISERS

We are very lucky to have supporters throughout Montreal who organise charity events on behalf of Tyndale.

Last Holiday Season, **Pub Burgundy Lion** created a Charity Cocktail and donated proceeds from the sales to the Centre.

In November 2021, the **F-Men** were at it again for the 7th year with their Annual Charity Hockey Tournament. Their efforts generated a grand total of \$32,156!

In August 2022, **Liam Lachance**, a past Tyndale volunteer, organised and hosted a private music event to fundraise for Tyndale.

Fednav held an internal fundraiser with their staff and all proceeds were donated to Tyndale.

Students and staff of **Royal West Academy** raised \$10,000 for Tyndale this year! Through penny wars, mini fundraisers, cupcake sales and contests, they all came together in support of our Centre. Royal West Academy has been fundraising for Tyndale St-Georges for 23 years. They have donated a total of \$154,000!!!

Katina Goulakos donated some of the proceeds from the sales of the launch of her first self-published book "The World from her Window" to Tyndale St-Georges. We are so touched that she thought of Tyndale and we can't wait to have her over as guest author!

CORPORATE & COMMUNITY PARTNERS

Thanks to **Hydro Quebec's** \$5,000 grant, our Adult Centre can continue to offer its job training program. The Pre-Employability Program is offered twice a year and each session lasts 6 months in order to prepare participants for the job market.

Between April 1, 2021 and March 31, 2022, thanks to **Moisson Montreal**, Tyndale collected 3587 kilograms of food, representing a value of \$20,696! Thanks to their contribution, we are able to offer snacks to all our participants, from infants to seniors!

COMMITTEES

Special Events Committee: This year we were able to organise our first fundraiser since 2019. We are incredibly grateful to the members of the Special Events Committee who helped us to organise A Slice for Tyndale and our first Online Auction. A big thank you to Jessica Marrone (Committee Chair), Anne Lajoie, Lynn Sullivan, Isabelle Prosnick, Tina Naim, Shauna Joyce and Suzanne Briscoe!

Fundraising Committee: The Fundraising Committee works year round to help the Centre achieve its financial goals by making new connections and securing new sources of revenues. In the fall of 2021, the committee successfully launched a 110k Matching Gift Campaign that raised above and beyond what was expected! Thank you to our committee members: Tony Infilise (Committee Chair), Bob Johnson, Eli Pichelli, Isabelle Prosnick, Jay Welsford, Marcel Lebel, Michael Bucheit, Sam Oliel, Sean Sirois and Suzanne Briscoe!

A special thank you to Tony Infilise who represented the Committee as Fundraising Chair for the past 20 years. We deeply appreciate the time, effort and contributions you have made to lead the Centre in reaching its fundraising goals. Best of luck in your future endeavours!

A MESSAGE FROM OUR FUND DEVELOPMENT DIRECTOR:

We would like to thank all our donors, partners and volunteers who supported us over this past year. Your contributions have really made the difference in providing the time, resources and support to adapt to the needs of the community and offer empowering low costs programs to the residents of Little Burgundy.

*Tyndale thanks Isabelle for her year at the Centre as the Fund Development Director. We wish her luck in her new position as Executive Director of West Island Women's Centre.
